

I am complaining about the irresponsible and biased use of the public airwaves for partisan gain by Sinclair Broadcasting. I am filing this formal complaint for this attack on the democratic process by this mega corporation. The airwaves are not Sinclair's to do with as they choose. Just as it is illegal to yell fire in a crowded theater, it is wrong for Sinclair to financially support and force their affiliates to show a rewriting of history by a completely discredited group of liars. Sinclair's licence should be revoked.
